Webinar (Online-only)

The LOGMS 2023 is optimized to be, first and foremost, an in-person conference, and all participants are encouraged to travel to Busan to benefit from the whole LOGMS 2023 Conference experience.

The LOGMS 2023 will provide an option for remote attendance to the substantive portions of the Conference, namely the Parallel Sessions and Plenaries. However, other events and activities such as side events, networking, and social events may only be available for in-person participants.

Co-chairs and presenters at the Parallel Sessions are strongly encouraged to attend the Conference in person if it is possible for them to do so. However, should in-person attendance not be a viable option, then online presentations will be possible, with a preference for pre-recorded presentations to avoid issues with internet connectivity (presenters would be encouraged to be online either way to respond to questions and interact with the audience).

Webinar(Online-only Registration) participants are provided with:

- Online access to all Parallel Sessions and Plenary round table.
- Digital copy of Conference Materials
* There is no registration fee discount for online participation.
